

To: All Supply Vendor Representatives
From: Doug Bowen, Vice President Supply Chain Services
Date: July 2, 2020
Subject: Testing Positive for the Covid 19 virus

Banner Health strives to provide the safest environment for our patients, staff and you.

If you test positive for the COVID 19 virus, you must follow the CDC Guidelines and remain sequestered for a period of 2 weeks. If at the end of those two weeks, if you are asymptomatic, you may resume activities within Banner. You will need to follow the preestablished screening requirements at the facility and be masked when you enter.

Vendor Visitation restrictions remain the same as were posted in the May 20th memo that you acknowledge in your Vendormate profile.

You will need to follow all the requirements set forth by your company in order to return to work as well.

If you have any questions please call 602-747-1500.

Thank You for keeping Banner Safe.
