

901 East Willetta Street Phoenix, AZ 85006 602-839-6900 bannerhealth.com/Alzheimers

**WELCOME** to the Stead Family Memory Center at Banner Alzheimer's Institute (BAI)! As a Center of Excellence focused on the diagnosis, treatment, and study of Alzheimer's disease (and related disorders), we offer a comprehensive approach by an interdisciplinary team of specialists. We understand that memory and thinking problems affect both the person and the family, therefore our services target both.

**STEP 1 – COMPLETE THE "NEW PATIENT" PACKET**: Please follow the directions provided in the packet. After you've completed the packet, please print the packet, and sign the "Authorization to Use or Disclose Protected Health Information" form. Then either fax the packet to our secure line (602) 839-6906, email it to us at <a href="mailto:BAlinfo@bannerhealth.com">BAlinfo@bannerhealth.com</a>, or mail it directly to us at the following address:

Banner Alzheimer's Institute Stead Family Memory Center 901 East Willetta Street Phoenix, AZ 85006

**STEP 2 – SCHEDULING THE FIRST VISIT.** We will call to schedule your visit once we have received the completed packet. Please plan to have a family member or close friend accompany you to this visit. Please make sure to bring a current medication list and glasses or hearing aids with you to all visits.

**STEP 3 – FOLLOW PRESCRIBED TREATMENT PLAN**: After a diagnosis is established, the physician will formulate a treatment plan. Ongoing medical needs will be addressed along with the need for education, support and community resources. Information will also be provided regarding possible participation in clinical research.

**STEP 4 – ATTEND EDUCATIONAL CLASSES**: You are urged to attend our complimentary education programs before or following the first clinic appointment. Please consider enrolling in our Beacon newsletter, registering for online classes, reviewing resources, and listening to our award-winning Dementia Untangled podcast. We encourage you to take a moment to visit our website to review the full range of live and virtual education programs, support groups, life enrichment programs and resources at: www.bannerhealth.com/services/alzheimers/for-caregivers.

We are committed to setting a new standard of care for patients and families. BAI now offers a Support Line for current patients and families to call when looking for information, advice, and support. This designated line allows you to speak with a team member ready to answer your questions, provide valuable resources or simply listen. We want to provide an exceptional experience – one that leaves everyone with hope and help! We look forward to seeing you and your family in the very near future!

Sincerely,

Ganesh Gopalakrishna, MD

Dr. Ganesh Gopalakrishna Stead Family Memory Center associate director

☐ Recent accidents/citations	☐ Trouble p	arking	□ O	ther:		

**MOOD AND BEHAVIOR:** Please answer the following questions based on changes that have occurred since the patient first began to experience memory problems. Check the box only if the symptom(s) has been present **in the last month**.

	Applicable	Mild	Moderate	Severe
Does the patient have false beliefs, such as thinking that others are stealing from him/her or planning to harm him/her in some way?				
Does the patient have hallucinations, such as false visions or voices? Does he/she seem to hear or see things that are not present?				
Is the patient resistive to help from others at times or hard to handle?				
Does the patient seem sad, or say that he/she is depressed?				
Does the patient become upset when separated from you? Does he/she have any other signs of nervousness such as shortness of breath, sighing, being unable to relax or feeling excessively tense?				
Does the patient appear to feel too good or act excessively happy?				
Does the patient seem less interested in his/her usual activities, or in the activities or plans of others?				
Does the patient seem to act impulsively, for example, talking to strangers as if he/she knows them or saying things that may hurt people's feelings?				
Is the patient impatient and cranky? Does he/she have difficulty coping with delays or waiting for planned activities?				
Does the patient engage in repetitive activities such as pacing around the house, handling buttons, wrapping string or doing other things repeatedly?				
Does the patient awaken you during the night, rise too early in the morning or take excessive naps during the day?				
Has the patient lost or gained weight, or had a change in the type of food he/she likes?				

PERSONALITY AND BEHAVIOR:						
Please check any of the	following words t	hat descr	ribe her/his <u>life-long PERSONALITY</u> :			
<ul><li>☐ Even tempered</li><li>☐ Socially outgoing</li><li>☐ Low self-esteem</li><li>☐ Hypochondriac</li></ul>	<ul><li>☐ Quick ter</li><li>☐ Homeboo</li><li>☐ Assertive</li><li>☐ Generous</li></ul>	dy	<ul> <li>□ Optimistic</li> <li>□ Worrier</li> <li>□ Manipulative</li> <li>□ Good sense of humor</li> </ul>			
Has the patient experienced any CHANGES in personality or behavior, such as:    Increased impulsivity   Reduced frustration tolerance   Increased irritability     Agitation   Difficulty getting started   Reduced motivation     Loss of empathy   Socially inappropriate behavior   Restlessness     Risky behaviors   Social withdrawal   Other, describe:

# AUTHORIZATION FOR RELEASE OF MEDICAL INFORMATION (Health Center/Clinic)

I understand that information in my health record may include information relating to Sexually Transmitted Disease, Acquired Immunodeficiency Syndrome (AIDS), Human Immunodeficiency Virus (HIV), and other communicable diseases, Behavioral Health Care/Psychiatric Care, treatment of alcohol and/or drug abuse and genetic testing: my signature authorizes release of any such information.

I may refuse to sign this authorization form. I understand that Banner will not condition or deny treatment on my signing this authorization.

I understand that I may revoke this authorization at any time, except to the extent that action based on this authorization has already been taken. Banner Health's Notice of Privacy Practices explains the process for revocation, which includes a request in writing.

I understand that I have a right to receive a copy of this authorization.

This Authorization pertains to the dates specified on this Authorization. Unless I revoke this authorization earlier, it will expire 12 months from the date signed. I understand that if this information is disclosed to a third party, the information may no longer be protected by state, federal regulations and may be re-disclosed by the person or organization that receives the information.

I release Banner Health, its employees and agents, medical staff members and business associates from any legal responsibility or liability for the disclosure of the above information to the extent indicated and authorized herein.
