Rehabilitation Services

Ogallala Community Hospital is committed to making a difference in people's lives through excellent rehabilitative care.

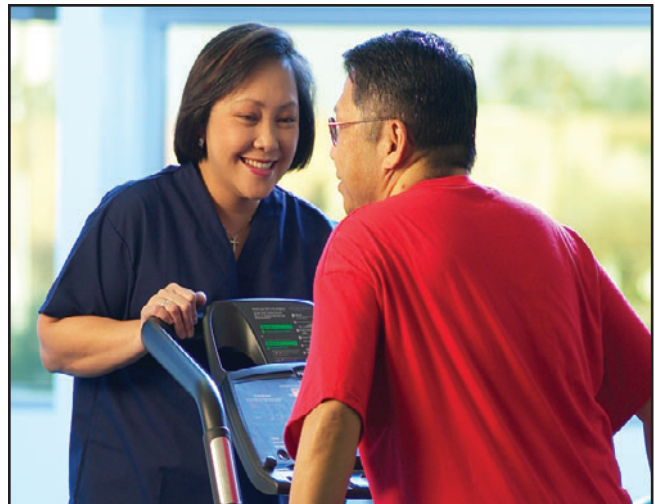

Whether a continuation of a greater health care plan or a means to address and improve specific deficits or lifestyle issues, Ogallala meets the rehabilitative needs of hundreds of patients each year through its comprehensive physical therapy program.

Rehabilitation Services

With an assortment of inpatient and outpatient physical therapy services, Ogallala Community Hospital cares for an array of patients ranging from those with minor deficits to severe conditions affecting their ability to live and function independently.

Common rehabilitation services provided at Ogallala Community Hospital include:

- Aquatic Therapy
- Orthopedic Rehabilitation following total joint replacement procedures
- Post Cardiac Procedural Conditioning Programs
- Post-traumatic Fracture Rehabilitation
- Treatment of acute musculo-skeletal imbalances
- Treatment for Neurological Defects
