The comforts of home in a safe and secure environment

Home-like setting

Banner Alzheimer's Residence is a state-licensed, assisted living facility that provides a safe and secure environment in a home-like setting for individuals with Alzheimer's disease or other related dementia.

Our program provides enhanced quality of life for our residents and their families, as well as opportunities for:

- Personal Growth
- Independence
- Daily Achievements
- Enhanced Quality of Life

We promote socialization and a model of care that revolves around real-life experiences. We encourage interaction and involvement with friends, family and volunteers.

Focused care

Banner Alzheimer's Residence was built and designed specifically for dementia care. Our facility is quiet and peaceful, with safe access to outdoor areas with fenced-in patios. We also feature:

- Medical care by your own or our physician
- Twice-weekly visits with Nurse Practitioner
- Transportation to physician appointments
- Flexible visiting hours
- Set pricing for all levels of care, including toiletries, incontinence products, transportation and preventative healthcare

Family involvement

The staff at Banner Alzheimers Residence encourages family involvement in all aspects of our residents' care. We offer an activity program that encourages residents to interact socially and exercise to maintain mobility and strength.

Caring staff

The Banner Alzheimer's residence features a team of healthcare professionals specially trained in Alzheimer's disease management. This team, including doctors, skilled nurses, certified caregivers and activities coordinators, emphasizes group interaction and encourages residents to participate in specialized activities.

Our non-profit mission: We exist to make a difference in people's lives through excellent patient care.
