Specialized care for special people

Quality of life

At the Banner Special Adults Residence, residents enjoy personal dignity, independence and quality of life within a warm, responsive, family-like environment.

The Banner Special Adults Residence is a residential facility for men and women who have mild mental and developmental challenges, including physical and cognitive limitations. The residence offers special adults an innovative housing alternative to traditional, institutional long-term placement. Residents are encouraged to participate in daily activities, including:

- Meal preparation
- Personal Laundry
- Household chores

The comforts of home

Private and semi-private rooms are available. Common areas include a large living room and dining room, a full kitchen, a library and a television and game room.

Individualized care

Learning and understanding the individual needs and abilities of each resident is a cornerstone of our care. We take the time to get to know specific issues and address those in a suitable manner.

In their congregate living environment, the residents learn social and domestic skills appropriate to their abilities. Every resident is encouraged to

participate in daily activities, as well as serve as an integral part of all day-to-day operations of the residence. These operations include meal preparation, individual laundering and taking part in chores that are necessary in running any home.

And, of course, we offer a variety of recreational activities such as games, television, reading and much more!

Community involvement

We promote socialization for all of our residents and we instill the importance of personal dignity and respect. Our residents are encouraged to be members of their community. Some residents serve as volunteers for various community-based Organizations. Some work outside the home, either at a sheltered workshop or at real businesses. All residents take part in Scysac, a local activities group for the developmentally disabled.

Financial arrangements

The Banner Special Adults Residence is a private-pay residence and does not participate in state or federally funded programs. Please call to discuss availability and payment options.
