- Rehabilitation
- Surgery

### Specialized services

- Alzheimer's research and treatment
- Behavioral health
- Blood conservation medicine
- High-risk obstetrics
- Home care
- Hospice
- Level I trauma

- Organ and bone marrow transplants.

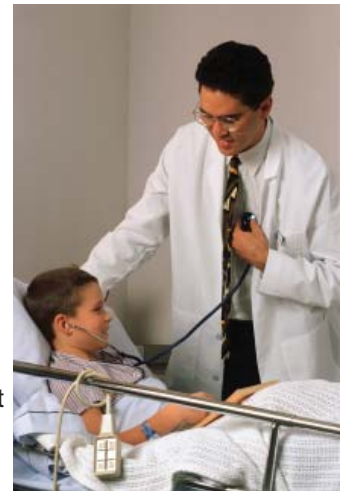

As an Equal Opportunity Employer, we highly value diversity within our workforce of more than 35,000 employees. Banner Health is Arizona's second largest private employer and one of the largest in northern Colorado. Our Western Region facilities serve a number of rural areas; many are the only inpatient facilities available within the community.

Our deep commitment to our nonprofit mission is visible in all the communities we serve, whether urban or rural — through our clinical services for individuals with limited or no health insurance, ample community health education programs and support of a myriad of similar agencies that provide support for people afflicted by diseases.

As one of the leading nonprofit health systems in the country, Banner Health embraces its commitment and obligation to provide excellent patient care for all who turn to us regardless of their ability to pay.

Banner Health offers a Financial Assistance Program that is thoughtfully and respectfully designed to assist those able to pay a moderate portion of the costs of their care (Basic Financial Assistance Program) and for those able to pay a small portion of the cost of their care or who are without the ability to pay (Enhanced Assistance Program).

We preserve the dignity of each individual regardless of race, creed, sex, age, social status or ability to pay

*Our nonprofit Mission: We exist to make a difference in people's lives through excellent patient care.*

# About Banner Health

for services rendered. Our facilities are operated in a cost-effective and financially responsible manner to ensure that all who turn to Banner Health receive the excellent patient care they deserve.

Banner Health is the leading provider of well-trained and highly skilled physicians in Arizona through the medical education program at Banner Good Samaritan, and in rural communities through the medical education program at Banner Health's North Colorado Medical Center. These programs train doctors in residencies in family practice, internal medicine, internal medicine/pediatrics, obstetrics and gynecology, podiatry, psychiatry and surgery.
