Tony Hodges, MD

Conditions treated
- Interventional pulmonary
- Pulmonary hypertension (PH)
- Idiopathic pulmonary arterial hypertension (PAH)
- Scleroderma & connective tissue disease PH
- Pulmonary fibrosis associated PH exercise PH
- Chronic obstructive pulmonary disease/Emphysema asthma
- Lung nodules
- Interstitial lung disease/Pulmonary fibrosis
- Idiopathic pulmonary fibrosis
- Hypersensitivity pneumonitis/Occupational lung disease
- Autoimmune associated pulmonary fibrosis
- Lupus, Scleroderma
- Rheumatoid
- Myositis drug-induced genetic lung diseases
- Alpha-1 Antitrypsin deficiency
- Adult cystic fibrosis
- Lung transplantation evaluation
- Post-transplant care

Procedures performed
- Interventional pulmonary flexible and rigid bronchoscopy airway
- Stenting and dilation navigational bronchoscopy
- Endobronchial ultrasound (EBUS)
- Bronchial thermoplasty

Clinical interests
- The clinic provides care for people with advanced lung disease as well as those suffering from chronic lung problems such as asthma, emphysema and COPD. Our vision is to provide innovative, exceptional, and compassionate care for our patients; to perform important research that enhances the understanding of lung health and creates new ways to prevent, detect, and treat respiratory disorders; and to educate physicians to be outstanding clinicians, researchers and leaders in medicine.
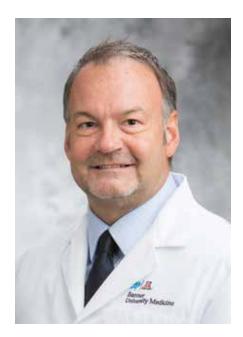

Education
- **1995** - Internship and Fellowship at Wake Forest University/Bowman Gray School of Medicine

Affiliations
- Mortar Board Louisiana Tech University
- Gamma Beta Phi Louisiana Tech University
- Aesculapean Society Louisiana State University,
- Honor Board Louisiana State University and Best Doctor in America

Achievements
- 21 Research, 13 Peer- Reviewed Publications, 7 Abstracts and 5 Platform Presentation

Banner – University Medical Center Phoenix
Lung Institute
755 E. McDowell Rd., 3rd Fl.
Phoenix, AZ 85006
