Banner Health

AUTHORIZATION FOR RELEASE OF MEDICAL INFORMATION

You can access most of your health information directly through our patient portal (Banner Health App on Android or Apple device) or https://account.bannerhealth.com/.

NOTE: An individual has a right to direct a healthcare provider to transmit their protected health information (PHI), maintained electronically, directly to another person or entity designated by the individual. This is considered a "third-party directive". According to federal regulations, third-party directives are only applicable to records maintained in an EHR (electronic health record) and the release must be electronic (not paper). If an individual is directing the disclosure of records that are not maintained in an EHR to a third-party, Banner Health requires a HIPAA authorization to make that disclosure.
